Q&A

Last month we sent out a questionnaire asking for your opinion. The issue? Whether we should continue to send out our professional brochures as pdf files or if we should make print copies of our brochures to you. While only a few spoke out, the result was unanimous: You are happy with a pdf version of the professional Depilar System brochure.

If you disagree or would like to comment on this decision, please let your voice be heard by pressing the following link to the questionnaire: [Q&A](#)

Last, but not least!

We would like to share our enthusiasm for being featured with a great story in the DailyBeauty newsletter from NewBeauty Magazine. You can check out the article on our website or through the following link: [DailyBeauty](#)
